GLADIOLUS - DAHLIAS - LILIES

PRICE LIST, SPRING, 1939

GREETINGS

I want to take this opportunity to thank all my customers of last season for their many and valued orders they entrusted with me. It enabled me to greatly increase our stock and blessed with a fine growing and harvesting season we have an unusually fine lot of bulbs this year that I am pleased to offer my customers.

I cannot find words to express how much I enjoyed having so many of my old, as well as new, customers visit us at the gardens last season. The only thing I regret is I did not have several hours to spend with each one. As I plan to discontinue exhibiting at the Fairs I plan to be at the gardens on Wednesday and Saturday afternoons for you who find it convenient to come at this time so I hope to have more time to give to each party this year. I do hope each one of you will try and visit the garden at least once this year. (Better still if you can come each week as there is always something new.)

If at any time I may be of help to you I shall be pleased to do so.

Yours for More and Better Flowers,

MAX L. LEAVITT.

Guarantee. We aim to send out only high quality bulbs free from thrips and disease and up to size as well as true to name. Should any prove otherwise we will gladly replace same.

Extras. We give extras with all orders of \$5.00 and over. I am giving as a special extra a bulb of a new variety, selling for \$1.00 or more, besides the regular extras which we include with each order.

Size of Bulbs. Note we have abbreviated Large L. Medium M. Small S. L. 1 1/4 inches or more, many are 2 or more, the best blooming size. M. 3/4 to 1 1/4 inches. This size will give good bloom but are later. S. 1/4 to 3/4-inch. Some will bloom if planted early. Make good bulbs for next year.

Disinfect Your Bulbs. It really pays and is not much work. All you need is a wooden pail or barrel or non-metal container, some sugar or salt bags, or you may use stockings if you only have a few bulbs of a kind. Bi-chloride of Mercury (Poison) is very good, 1 oz. to 7 gallons of water, soak 8-10 hours. This will kill any thrips as well as help keep the bulbs free of disease. Even if you have had good success without soaking I suggest you treat all bulbs whether your own or new stock you have bought.

Varieties Not Listed. We have about all the new varieties on hand that we can furnish at market price as well as all varieties listed in our last year's catalog. Write us your wants and we will be pleased to quote you.

THE GRAY VARIETIES

Has been very outstanding with us again this season. And I feel sure you will find any of these worthy additions to your collection.

Mr. Leon Putnam of Lowell, Mass., wrote after growing them: "Your three new varieties of gladiolus Henet's Favorite, Henet and Leah Ann were outstanding varieties in my garden and this speaks volumes when you take into consideration I grow over 20,000 gladiolus and about 200 of the best varieties in these flowers."

Mr. Lins of the Trial Garden, Spring Green, Wis.: "Reports Leah Ann stepped up 14 inches higher and Henet up to 52 inches with 22 buds. Henet's Favorite was very good."

Mr. Young, the originator of Mary Ansteen, wrote: "I like Leah Ann and will look forward to next year when I hope to have enough large bulbs to make a better showing. About the clearest deep purple I have seen. Henet, too, is a beauty, being a bright rose pink and such large florets."

INTRODUCING

Miss Ann. It is with pleasure I add this beautiful variety to the list of Gray Originations. For sheer beauty you will hunt a long ways before you find a more beautiful variety. Color cream with a lavender cast, its stamens are snow white so that it enchants its original beauty. This makes a small plant about three feet, opening 5-6 4-inch blooms at a time. For floral work it cannot be beat. Bulbs any size \$3.00 each. Blts., 50c, 3 for \$1.00.

- Henet's Favorite.** Smoky old rose with cherry red throat which livens the flower. Opens 8-12 large waved blooms well faced and spaced and no crooking in any of these Gray varieties. It will stand some beating on the show table. L., \$2.00, 10 for \$16.00; M., \$1.50, 10 for \$12.00; S., 75c, 10 for \$6.00; Blts., 2 for 25c, \$8.00 per 100, \$70.00 per 1,000.
- Henet.** Bright rose pink with a small American beauty throat blotch opening 5-6 6¼-inch blooms or larger. Well faced and spaced. A good commercial as well as exhibition variety. This glad is bound to make many friends. L., \$1.50, 10 for \$12.00; M., \$1.00, 10 for \$8.00; S., 65c, 10 for \$5.00; Blts., 3 for 25c. \$6.00 per 100, \$55.00 per 1,000.
- Leah Ann.** Beautiful sparkling purple, nearly a royal purple, 6-9 medium blooms on a spike of 20 buds. Tall strong grower. Already this has made many friends. It's a leader in its class. L., \$1.00, 10 for \$8.00; M., 65c, 10 for \$5.00; S., 35c, 10 for \$2.50; Blts., 4 for 25c, \$5.00 per 100.
- Special.** 1 large, 1 medium, 1 small, each of Henet's Favorite, Henet and Leah Ann, \$8.50 value for only \$5.00.
- Alayne.** Beautiful new light rose. Nice. L., 25c; M., 15c; S., 10c; Blts., \$1.00 per 100.
